I am an intellectually curious web developer who finds creative solutions to difficult problems. I am driven by discovery, enjoy being challenged and am eager to build innovative applications through programming.

EXPERIENCE

- Web Development Immersive Student*, General Assembly, Washington, DC March 2016 – June 2016
- Twelve-week immersive/accelerated program that focuses on both front-end and back-end web development.
 - Learned to build a dynamic front-end to web applications using modern JavaScript libraries, and use CSS to layout and style your application.
 - Built real websites, APIs, and data-driven apps in the MEAN Stack, Javascript, AngularJS, jQuery, Ruby on Rails
- English Teacher*, Sage English Academy, Seoul, South Korea Sept 2014- Sept 2015
- Taught 18 beginner (EFL Phonics) to advanced level (large novels, advanced grammar textbooks) English to kindergarten, elementary, and middle school students
 - Tailored English-language curriculum to best serve the individual needs of each student, allowing them to operate at their top potential
- Senior Mentor/Intern*, Scripps College Academy, Claremont, CA Sept 2013- May 2014
- Mentored six high school seniors throughout the college application process
 - Prepared high school students for college level writing by editing college entrance and scholarship acceptance essays
 - Assisted in outreach programs to support local middle and high school female students academically
- Marketing & Social Media Team Member*, Vingle Inc., Seoul, South Korea Jan 2013-May 2013
- Produced and viraled substantial content in order to gain users and build a strong community on Vingle.net
 - Used proprietary software to analyze and track progress, interest, demographic and geographic data
 - Created strategic methods to efficiently lead a sector of the Vingle English community
- Intern*, State Department Federal Credit Union, Alexandria, VA Summer 2011, Summer 2012
- Represented SDFCU by opening accounts, answering inquiries and completing monetary transactions
 - Used proprietary software programs to analyze demographic and geographic data
 - Created reports pertaining to the status of new members and their financial activity
- Career Consultant*, Scripps College Career Planning & Resources, Claremont, CA Aug 2011- May 2012
- Assisted students in creating and editing effective resumes and cover letters
 - Aided students in finding jobs and internships and successfully applying for these opportunities
 - Worked closely with career counselors on planning and programming on-campus recruiting events

SKILLS

- Tech skills: JavaScript, Ruby, Ruby on Rails, jQuery, AngularJS, Node.js/Express, SQL/PostgreSQL, MongoDB/Mongoose, Git/GitHub, React, WordPress, PHP, HTML5 and CSS3.
- Language skills: Advanced conversational and written Korean, Basic Spanish
- Interests: Python, Django, Puppies

EDUCATION

- General Assembly**, Washington, D.C. June 2016
Web Development Immersive Course
- Scripps College**, Claremont, CA May 2014
Bachelor of Arts in Politics & International Relations
- Yonsei University**, Seoul, South Korea Aug 2012- June 2013
CIEE Study Abroad Program
- Sogang University**, Seoul, South Korea Summer 2010
Participant in the National Security Language Initiative for Youth (NSLI-Y) program
